

WHAT YOUR CLIENTS ARE ACTUALLY BUYING

One document that answers both questions.

Brand protection asks: is our product destroyed and unrecoverable?

Sustainability asks: how much of it stayed out of the ground?

The certificate of destruction answers both, and anyone holding it can check it is genuine without ever calling you.

CERTIFICATE OF DESTRUCTION • SPECIMEN

MR-2026-4417

Lone Star Beverage Co. — 3 receipts • 112,380 lb

Received 09-24 Jul 2026 • destroyed as one run 12 Aug 2026 • witnessed and photographed

RECOVERED AND RECYCLED 94%

RESIDUE TO LANDFILL 6%

Destroyed and unrecoverable — and 94% of it diverted from landfill. Weight-based, from a certified truck scale, sealed at the moment of capture.

VERIFY

Anyone holding this certificate checks it against the sealed record — auditor, insurer, brand team — no phone call, no waiting on your office.

SEALED AT CAPTURE

Weights hashed the moment the truck settles — not typed later

WORKS OFFLINE

The scale house keeps capturing when the internet does not

DRIVER SELF CHECK-IN

Scans a sign, picks the job — English or Spanish, no app

Five steps. Nobody retypes anything.

- 1 Driver scans the sign**
His phone opens his loadbook — no app, no clipboard. He picks the job.
- 2 The scale seals the weight**
Captured and hashed the moment it settles. Ticket printed or phone-only.
- 3 Custody clock starts**
The receipt is on your yard, aged daily, visible to you and the client.
- 4 Destruction is witnessed**
Several receipts destroyed as one run, photographed at the moment of capture.
- 5 The certificate issues itself**
Covers the run, names every receipt, carries the diversion rate. Verifiable by anyone.

WHAT IT COSTS • PUBLISHED, NO SALES CALL

SCALE HOUSE

Capture, tickets, custody, certificates, diversion reporting, client portal, accounting exports

\$350

PER MONTH

OPERATIONS

Everything above, plus containers on a map, service requests, schedules, draft invoices, daily close-out

\$650

PER MONTH

TRADING

Everything above, plus rate cards, billing audit against your own scale, settlement and payment matching, index rebates

\$950

PER MONTH

Compliance add-on (audit trail, void and reissue, six-year retention): +\$200/month.

Commissioning — scale interface, printer, driver setup, training: \$2,500 per site, on go-live.

Annual prepay: two months free. Unlimited users and clients. No per-seat charge.

See it working — right now, on your phone

Scan for the live walkthrough: weigh a truck, cut the internet, issue a certificate, verify it. Nothing to install.
